**DECLARATION OF WILLIAM S. COOPER**

WILLIAM S. COOPER, acting in accordance with 28 U.S.C. § 1746,  
Federal Rule of Civil Procedure 26(a)(2)(B), and Federal Rules of Evidence  
702 and 703, does hereby declare and say:

PTX-002-001

3:22-cv-734

PTX-002

## **I. Introduction**

1. My name is William S. Cooper. I submitted an Expert Declaration on August 28, 2023, in this matter. I am submitting this rebuttal declaration to provide analysis relating to the October 16, 2023 Expert Report of Dr. Thomas L Brunell.<sup>1</sup>

2. Dr. Brunell repeatedly claims, with no supporting evidence, that I try “to maximize the number of majority Black districts in the state” (Brunell Declaration, pp. 3, 11, 16). As illustrated in the hypothetical plans *infra*, Dr. Brunell’s assertion is demonstrably false.

3. I did not attempt to maximize the number of Black-majority districts in the Illustrative Plans disclosed in my August 28 Declaration. In fact, I could have drawn at least three more additional majority-Black Senate districts (for a total of 22) and at least four more additional majority Black House districts (for a total 49) beyond those in the Illustrative Plans, while staying within acceptable parameters regarding traditional districting principles like compactness and political subdivision splits.

4. I did not attempt to maximize the number of majority-Black districts in the Hypothetical Plans described herein.

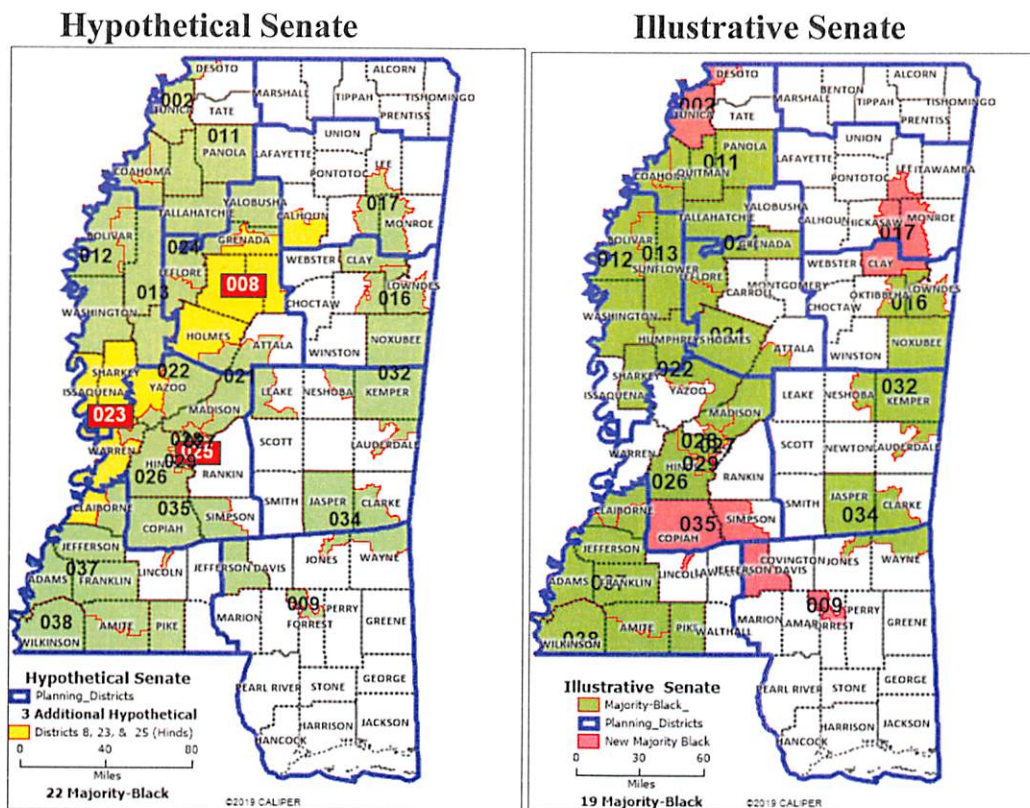

---

<sup>1</sup> I incorporate by reference the definitions set forth in my August 28, 2023 Declaration for any terms used in this report.

## II. Hypothetical Senate Plan with 22 Majority-Black Districts

5. Figure 1 juxtaposes the 22 majority-Black districts in the Hypothetical Senate Plan with the Illustrative Senate Plan containing 19 majority-Black districts, as presented in my August 28, 2023 Declaration.

**Figure 1:**  
**Majority-Black Senate District Comparison Maps**

6. Yellow districts with red labels in the Hypothetical Senate map identify areas encompassed by the three additional majority-Black Senate districts beyond those included in the August 28 Illustrative Plan. **Exhibit A-1**

is a higher resolution version of the Hypothetical Senate Plan as shown in Figure 1. **Exhibit A-2** is a table containing a population summary of the Hypothetical Senate Plan. For comparison, **Exhibit A-3** is a higher resolution version of the Illustrative Senate Plan in Figure 1. Red shading identifies the four additional Senate districts discussed in my August 28 Declaration,

7. **Exhibit A-4** identifies county assignments by district under the Hypothetical Senate Plan. **Exhibit A-5** contains maps depicting the additional majority Black districts (8, 23, and 25). **Exhibit A-6** contains compactness scores for the Hypothetical Senate Plan.

8. As shown in **Figure 2**, under the Hypothetical Senate Plan, 65.37% of the Black voting age population resides in the 22 majority-Black districts—up from 58.39% in the Illustrative Plan, but still 6.42% points below the 71.79% of White voters who reside in the remaining 30 White-majority districts.

**Figure 2:**  
**Same Race VAP in Majority-Black and Majority-White Districts**

	<b>2020 Black VAP in Majority Black Senate Districts</b>	<b>2020 NH White VAP in Majority White Senate Districts</b>	<b>Statewide Difference (White-Black)</b>
Hypothetical Senate	65.37%	71.79%	6.42%
Illustrative Senate	58.39%	75.24%	16.85%
2022 Senate	50.36%	84.33%	33.98%

9. As shown in the tables below, other key metrics under the Hypothetical Senate Plan still compare favorably to the Enacted Senate Plan, notwithstanding the addition of even more Black-majority districts. As shown in **Figures 3, 4, 5, and 6**, the Hypothetical Senate Plan outperforms the Enacted Senate Plan in 10 of the 16 categories relating to political subdivision splits, compactness, and communities of interest, and scores the same in two categories.

**Figure 3:****Political Subdivision Splits (excluding unpopulated areas)**

	Split Counties*	Total County Splits*	2020 VTD Splits*	Municipalities Not Split #	Total Municipal Splits*
Hypothetical Senate	42	61	38	249	116

**III. Hypothetical House Plan with 49 Majority-Black Districts**

10. **Figure 7** juxtaposes the 49 majority-Black districts in the Hypothetical Senate Plan with the Illustrative Senate Plan containing 45 majority-Black districts, as presented in my August 28, 2023 Declaration.

**Figure 7:**  
**Majority-Black House District Comparison Maps**

11. Yellow districts with red labels in the Hypothetical House map identify areas encompassed by the four additional majority-Black House districts beyond those included in the August 28 Illustrative Plan. **Exhibit B-1** is a higher resolution version of the Hypothetical House Plan. **Exhibit B-2** is a table containing a population summary of the Hypothetical House Plan. For comparison, **Exhibit B-3** is a higher resolution version of the Illustrative House Plan in Figure 1. **Exhibit B-4** identifies county assignments by district. **Exhibit B-5** contains maps depicting the additional majority Black districts

(30, 34, 64, and 102). **Exhibit B-6** contains compactness scores for the Hypothetical House Plan.

12. As shown in **Figure 8**, under the Hypothetical House Plan, 67.88% of the Black voting age population resides in the 49 majority-Black districts—up from 64.78% in the Illustrative Plan, but still 8.56% points below the 78.44% of White voters residing in the remaining 73 White-majority districts.

**Figure 8:**

**Same Race VAP in Majority-Black and Majority-White Districts**

	<b>2020 Black VAP in Majority Black Senate Districts</b>	<b>2020 NH White VAP in Majority White Senate Districts</b>	<b>Statewide Difference (White-Black)</b>
Hypothetical House	67.88%	78.44%	8.56%
Illustrative House	64.78%	80.12%	15.34%
2022 House	62.38%	82.92%	20.53%

13. As shown in the tables below, other key metrics under the Hypothetical House Plan compare favorably to the Enacted House Plan. As shown in **Figures 9, 10, 11, and 12**, the Hypothetical House Plan outperforms the Enacted House Plan in nine of the 16 categories and scores the same in four categories.

**Figure 9:****Political Subdivision Splits (excluding unpopulated areas)**

## Measures of Compactness Report

---

MS\_Hypo\_Senate\_Oct\_2023

### Measures of Compactness Summary

<b>Reock</b>	The measure is always between 0 and 1, with 1 being the most compact.
<b>Polsby-Popper</b>	The measure is always between 0 and 1, with 1 being the most compact.
<b>Area / Convex Hull</b>	The measure is always between 0 and 1, with 1 being the most compact.

## Measures of Compactness Report

---

MS\_Hypo\_House\_Oct\_2023

### Measures of Compactness Summary

<b>Reock</b>	The measure is always between 0 and 1, with 1 being the most compact.
<b>Polsby-Popper</b>	The measure is always between 0 and 1, with 1 being the most compact.
<b>Area / Convex Hull</b>	The measure is always between 0 and 1, with 1 being the most compact.
